 - Families who are a part of the volunteer buyout are exempt.
 - Meet operations committee members must work two shifts at this EBSC hosted meet.

EBSC Fundraising Requirements

1. **Spring/Summer Discount Card Fundraiser** - The fundraising goal is \$25,000. All families will be required to participate in either Option 1 or Option 2 below:
 - **Option 1- No Discount Cards** - A limited number of discounted family buyouts will be available for \$150. The final number of these buyouts will depend on interest and the need to balance the discount card procurement minimums and our fundraising goal. Each family participating in this option will fulfill this fundraising commitment in the form of a one-time payment.
 - **Option 2 - Twelve Discount Cards** - For those families not participating in Option 1, a fundraising minimum of \$180 is required. This fundraising commitment will be fulfilled in the form of a one-time payment. In exchange, each family will be provided twelve (12) discount cards for area businesses that can be sold for \$15.00 each (\$180.00 total value).
 - **Bonus Option** - For those families participating in Option 2, a bonus fundraising option will be offered. Unused discount fundraising cards will be sold in bundles of ten (10) at a discounted rate, while supplies last, to provide additional support to both EBSC and the swimmer/family selling these additional discount fundraising cards.

Additional details of the fundraiser will be shared with EBSC membership at a later date.
